

SEAPORT ENHANCED

Telnet is proud to have been selected as one of the prime contractors for the SeaPort Enhanced (SeaPort-e) contract. The SeaPort-e contract is a 15-year, Indefinite Delivery / Indefinite Quantity (ID/IQ), Multiple Award Contract (MAC) to provide professional support services to the Navy's Systems Commands (SYSCOMs) and their related Program Executive Offices (PEOs) and field activities. This contract provides the capability for all NAVSEA, NAVAIR, SPAWAR, NAVSUP, MSC, NAVFAC, SSP, ONR, and USMC contracting officers to order services from Telnet. We supply product and services to Zone 2 and a description of our expertise areas can be found in the products and services section of our website.

QUALITY ASSURANCE

Quality and integrity of all customer products is of the utmost priority at Telnet Inc. Our Quality Management System (QMS) uses a process approach to enhance the company's efficiency and effectiveness in achieving its objectives. We use a quality improvement model that emphasizes continuous monitoring, documentation, measurement, and improvement of the system. It is focused at primarily improving the customer satisfaction, by means of constant review and understanding of customer requirements, and a desire to meet and exceed all expectations. Telnet Inc. is committed to delivering to our customers and partners the highest quality product, service and business relationship. The company has established quality and integrity as our core principles, and endeavors to assure satisfaction. By closely managing every product and service, we can define and authenticate each of our processes and work procedures. We include and authorize our employees to constantly review and audit these processes by constantly refining them towards delivering the highest standard of quality and reliability in all aspects of our work.
